ABOUT LONG DISTANCE CALLS

Long Distance Calls

Ask the operator for Long Distance when you wish to make a long distance call.

If you can give the telephone number at the distant point (the called town or city), your call can be handled more promptly.

When "Long Distance" answers, give her the information, preferably as follows:

1. The name of the town or city you are calling.
2. The telephone number at the called place or other means of identifying the called telephone.

The operator will indicate when she is ready to receive additional information.

If you desire the charges made to the called telephone number, tell the operator to make the call collect.

Class of Calls Available are as Follows:

STATION-TO-STATION—When you will talk to anyone at the telephone called.

PERSON-TO-PERSON—When you want to talk to a Particular Person.

APPOINTMENT CALL—When you want to talk to a particular person at a specified time.

MESSENGER CALL—When it is necessary to send a messenger to summon the particular person called.

REDUCED NIGHT AND WEEK END RATES—Reduced rates applying to Person-to-Person calls as well as Station-to-Station calls are in effect from 6:00 P. M., to 4:30 A. M. and from 6:00 P. M. Saturday to 4:30 A. M. Monday.

Your Complete Buyers' Guide

The quickest, easiest way to find out "who sells it" or who will do the job is to turn to the Yellow Pages in the back of this directory.

Consult the Yellow Pages to find out —

Who sell goods you want to buy.

Who render services you may need.

Who handle "trade-mark" products.

The Yellow Pages list every business and professional telephone. They're a handy meeting place for buyer and dealer.
